AdTorque Edge delivers innovative marketing solutions to the automotive, leisure & lifestyle industries through our wide range of products and services.

We are looking for a talented junior to mid-level Front-end Web Designer to join our great team at AdTorque Edge.

The role includes but is not limited to building aesthetically pleasing websites based on an approved design concept, managing clients' expectations, assisting with day-to-day website maintenance and support, and refining existing processes to improve efficiency. The expectation is that all work undertaken will be completed at a high standard and in a timely manner.

You will be part of a full-stack design and development team that is responsible for managing and implementing multiple projects for a variety of clients across the automotive, leisure & lifestyle industries.

This position is primarily a front-end designer role, but experience in other areas of web development would be an advantage.

Essential Experience

- Front-end development experience with Joomla and/or WordPress (Joomla Preferred)
- Strong HTML5, CSS, and responsive design skills
- Ability to use Adobe CC suite
- Basic knowledge of SEO principles
- A keen eye for design detail
- Understanding of Good UX & UI principals

Essential Personal Attributes

- Self-starter, with the ability to handle responsibility
- Positive and self-motivated

- Organised, efficient, and dedicated
- Reliable and capable
- Committed to excellence and collaboration
- Focussed and open-minded with a willingness to take opportunities
- Takes initiative and thinks outside the square
- Ability to multitask and prioritise
- Time management skills

If the role seems the right fit for you, please send your WRITTEN APPLICATION along with your CREATIVE PORTFOLIO to anthony@adtorqueedge.com.
